## The Legend of Molly Malone

The youngest daughter of fishmongers Patrick & Colleen, Molly Malone is a popular Irish figure who is said to have lived in Dublin in the 19th century. Legend has it that her beauty was unrivalled in the village, which made her passing at the tender age of 17 a tragedy for the local lads. Such was the outpouring of grief that the pubs for 16 miles in every direction were obliged to stay open around the clock for three days following her untimely death!
